

Ethiopian Community Summer Festival 2023 VENDOR APPLICATION FORM

The Ethiopian Community Association held its first festival event in the summer of 2010. This required many years of preparation and counted on leaders with an understanding of the interests, diversity, and trends of the community. The first step was finding stakeholders, associates, and other community leaders, recruiting volunteers as organizers turn this noble idea into a reality. The Festival is now an established annual event and to build on the legacy of the founding members, a standing organizing committee has been formed. The organizing committee is responsible for the planning and organizing of this annual event.

This year Festival will be held on August 19 2023 at Edmonds Park Burnaby
7433 Humphries Ave, Burnaby, BC V3N 1B1
